SUPPLEMENTARY INFORMATION:

I. Additional information about the proposed consent decree.

The proposed settlement agreement would settle Plaintiff's claims in a title V deadline suit concerning a petition to object to a permit issued by the Louisiana Department of Environmental Quality for the Noranda alumina processing facility. The proposed settlement agreement would require EPA to sign its response to Plaintiff's petition by December 15, 2012. Once EPA grants or denies the petition, EPA would be required to expeditiously deliver notice of its response to Plaintiff. Under the settlement agreement, once EPA has met these obligations, Plaintiff shall file a motion for voluntary dismissal, with prejudice.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed settlement agreement from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed settlement agreement if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the

Department of Justice determines that consent to the settlement agreement should be withdrawn, the terms of the agreement will be affirmed.

II. Additional information about commenting on the proposed settlement agreement.

Once in the system, select “search,” then key in the appropriate docket identification number.

It is important to note that EPA’s policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at www.regulations.gov without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public

docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment and with any disk or CD ROM you submit. Use of the www.regulations.gov website to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to

EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through www.regulations.gov, your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.
